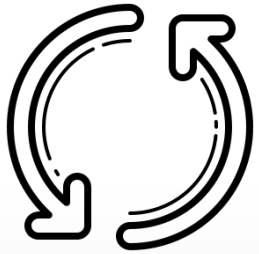
Too many articles, I wish there would be a podcast summary

This podcast is so outdated these are last week’s news

Problem



Rapid Content Changes

1000s of Articles added each week

Outdated Content

People are not meeting consumer demand in podcasting

Lack of Customized Podcasts

Listeners preferences vary

UrPod.ai

Up to date

Traditional podcasts have outdated info

Arabic support

Deliver arabic podcast

Customizable voice

Options for voice tone and speed customization

Solution

ChatGPT + Text-to-speech

Architecture

Problem

- The world is changing rapidly, thousands of pages are added to the internet every day
- People want a tailored, short and up-to-date feed of info in their preferred format (podcast)
- Podcasts are usually outdated and are not made to listeners preferences
